

## Evaluation of Sports Premium 2015/2016

### Playground Leaders

The Year 5 Playground leaders received training from Nigel Edwards from Excel Academy on how to be an effective Playground Leader. He gave them ideas to use, including advice on aspects such as their body language and the way that they speak to the younger children.

- A number of Playground Leaders have been out onto the KS1 yard every day delivering various sporting activities- supported by a member of staff.

### IMPACT

- Year 5 pupils have developed their confidence and leadership skills.
- KS1 pupils have access to a number of games at lunchtime.
- KS1 pupils have had the opportunity to have older pupils as role models.

### Healthy Eating

Healthy Eating is widely encouraged at Gladstone Primary. Healthy eating stickers are given out to pupils that choose a healthy lunch. Healthy eating is important to combat the growing numbers of childhood obesity.

### IMPACT

- Pupils have an awareness of the foods that are healthy and understand the importance of healthy eating.
- Pupils are more likely to make healthier choices when choosing a meal at all times outside of school hours.

### Extended Schools Sporting Clubs

A range of before and after school clubs available for children from Year 1 to 6.

### IMPACT

- Pupils had access to a range of sporting clubs throughout the year. This included Football, Cross Country, High-Fives Netball, Tennis, Hockey, Tag Rugby, Dodge ball, Dance, Glee Club and Multi Sports.

## Coach for sporting events

We employed a Sports Coach to lead a range of clubs.

### IMPACT

The children took part in a range of sporting events-

Mini Tennis- The Year 3/4 pupils recently visited Florence Tennis Club for a taster session, as well as taking part in the City Competition- missing out on the semi-finals by 'points scored' only.

Football (both boys and girls)- Girls team entered City tournament, narrowly missing out on qualifying past the group stages. They also played a number of friendly matches over the course of the year, improving on a weekly basis. Boys team entered in the Longton Area League, where they only lost one game and finished runners up. They were victorious in the Port Vale competition and represented Port Vale at the Regional School Finals. They were also Crescent Academy tournament Year 5/6 winners- winning both a competition to qualify and a separate competition to become overall winners.

Tag Rugby- Entered the city competition, where the Year 5/6 team only lost one game to miss out progressing through the group stage.

KS1 Multi skills competition- Entered two competitions over the course of the year to encourage KS1 pupils to become involved in sporting activities

Sportshall Athletics- Finished 3<sup>rd</sup> overall at the city competition.

Change for life- Our less active pupils became involved in sporting activities. This will hopefully encourage them to have the confidence and interest to take up sport in the future.

High- Fives Netball- Our Year 5 and 6 team entered a number of events over the year, improving their skills and confidence on a weekly basis.

Dodgeball- Our Year 3 and 4 pupils entered two teams into the Longton Area competition held at Discovery Academy.

Hockey- Our Year 3/4 team progressed onto the county finals held at Cannock.

Cross Country- Our Year 5 and 6 pupils entered a number of events held at different venues- improving their positions on a weekly basis.

Swimming- One pupil was asked to represent Longton in the u11s Breaststroke event in the City event.

Paralympic Games event- A number of pupils sampled a range of Paralympic Games events.

## KS1 Dance Teacher

We employed a professional Dance Teacher to teach an after school club for the year.

### IMPACT

- Pupils showed increased levels of confidence in dance.

- Children are now taking up private dance lessons outside of school.

#### Gymnastics CPD and quality of Teaching and Learning

Gymnastics coaches came in twice a week to teach a number of classes throughout the school. They were also observed by staff to develop their skills in teaching gymnastics. Staff were then given the opportunity to teach with the support of the gymnastics specialists.

#### IMPACT

- An improvement in the quality of teaching and learning in gymnastics.
- Pupils improved their gymnastics skills.
- Standards were raised across the school.

#### Breakfast Club

Children continued to attend breakfast club. Research suggests that pupils have a far better chance of reaching their academic capability if they have a good breakfast to start the day.

- Breakfast club took place twice a week during 2015/2016
- Healthy breakfast options were available.

#### IMPACT

- Children were better prepared for the demands of the school day.
- Pupils understand the importance for a healthy breakfast.
- Pupils share the experience of breakfast with their peers.

#### Sports Apprentice

Our Sport's Apprentice continued to work at the school supporting a number of PE lessons and leading a number of sporting clubs.

#### IMPACT

- An increase in the number of sporting clubs available to children across the school.
- Staff have benefited from the expertise from having the Sport's Apprentice supporting them during PE lessons.
- An improvement in the teaching of PE across the school.
- An increase on the number of sporting events that the school has entered.
